TREATY GETS ANOTHER SETBACK WHEN REPUBLICANS REFUSE ACTION

WASHINGTON, Jan. 27.—The bi-partisan treaty conference today adjourned after two hours' meeting, leaving the whole situation as much in the air as ever. The expected final breaking off of the negotiations did not take place. Another meeting was not for Thursday.

WASHINGTON, Jan. 27.—Republican mild reservationists today have practically worked out an agreement with the Democrats to throw the treaty into open debate in the Senate. This condition will act as soon as the conference in Lodge's office has been finished. The Democrats will hand Senator Lodge a written reply to the ultimatum of yesterday. The Democrats, according to information today, will say to Lodge that they cannot accept his terms for continuation of the conference. The agreement provides that there shall be no change in Lodge's reservation of Article 10, and the Monroe Doctrine. The Democratic conference also have authorized Senator Hitchcock, their spokesman to make public a statement setting forth the exact status of the compromise negotiations.

NEW CHARGES WILL BE LAID BEFORE N. Y. ASSEMBLYMEN

ALBANY, Jan. 27.—Evidence to be introduced at the resumption today of the hearing of the five suspended Socialist assemblymen was to be of an entirely different nature than that of last week it was learned from reliable sources. The testimony was expected to reveal the personal activities of the suspended members.

ALBANY, Jan. 27.—The "little red book" appeared in evidence again here today at the resumption of the hearing to determine the unfitness of the five suspended Socialist members of the assembly. The book printed in Yiddish was placed in evidence by the prosecution last Thursday. At that time a translation of some excerpts on "dictatorship by the proletariat" was read into the records. One half of the book advocates such a dictatorship and the remainder argues against it. The committee expected to have a complete translation ready today.

THE DRUNKARD'S CURSE

By J. P. McVoy
(In Chicago Tribune)
I've followed the hearse of all my hopes,
I've buried them one by one;
Gaze upon me and you will see
What the curse of drink has done.

I, too, had a wife and a child and a home,
But now I am all alone.
O Gawd, I should never have taken
That first
Insidious ice cream cone.

But I was so young and my friends
They were false,
"Just one cannot hurt you," they
said,
I started that night and look at me
now,
O Gawd, what a life I've led!

My mother said, "Willy, lay off the
vanilly,
Them phosphates will lead you
astray,
The devil himself is in sarsaparilly,
And his den is them fountains so
gay."

But, fool I was, I but laughed her to
scorn,
"I can take it or leave it alone."
And I drank that same day a choco-
late frappe.
O Gawd, if I had but known!

That was the start of my downfall,
my friends,
From that it was easy to flit
Down the pathway of vice to the pine
apple ice,
And the hellish banana split.

But one day an angel came into my
life,
"I believe in you, Clarence," she
said,
And I loved her so dearly that for one
long near nearly
A temperate life I led.

And a baby came, as babies will,
And grew to a bubbling child,
But I craved all the time just the
juice of one line,
And the thought of it drove me
wild.

One day I fell—in an ice cream den
I slinked with a sinful drink,
And I staggered home when the night
came on,
The victim again of drink.

That night of shame in a dreadful
dream,
That will haunt till the day of my
death;
When I kissed her my child cried, in
accents so wild,
"You have raspberry crush on your
breath."

That was the end of my happy home,
And now I am all alone.
O Gawd, I should never have taken
that first
Insidious ice cream cone.

I've followed the hearse of all my
hopes,
I've buried them one by one;
Gaze upon me and you will see
What the curse of drink has done.

What will become of this wreck of a
man,
This quivering, broken reed?
Another paralytic with a straw, I say!
Gawd, what a life to lead!

Farrell, of Sixth street, while the groom is a popular Curwensville resident, and following a short honeymoon trip the happy couple will be at home at Curwensville. TICKET SALE FOR YORKE-WADSWORTH RECITAL OPENED ON ADMIRAL SIMS

Sometime ago it was announced that Clearfield music lovers were to hear Miss Helen York, noted soprano who appeared here with the De Foe Opera Company last winter. The announcement caused quite a sensation among those who were not privileged to hear her at that time or who were not acquainted with her ability and did not take seriously her appearance here with the opera company at the theatre.

The Allentown Morning Herald recently paid the following tribute to Miss York:

"Standing forth as the rarest of delights was Miss Helen York, one of the youngest of operatic divas, who presents such a combination of charms that is really startling. Miss York is a beauty, a splendid actress and an extraordinary singer! When putcheritude shares honors with brilliant acting and a wonderful voice and the three are blended into a personality that is distinctly magnetic, it is time to make way for a new and greater Galli-Curci!"

Miss York is not alone in gaining the applause of those who heard the De Foe Company. Another soloist with the organization was Mr. Wadsworth Provencia. Mr. Provencia and an accompanist will be here with Miss York on February 9th at the High School auditorium. The seat sale will open tomorrow and any member of the Woman's club of Clearfield will be able to supply you with as many as you desire. Later they will be placed on sale at one or two business places.

WASHINGTON, Jan. 27.—Dishonorable discharge for Rear Admiral Wm. S. Sims, because of his recent testimony before the Senate Naval Committee was recommended by Representative Byrnes, S. C. Democrat, in a speech in the "House" today. Byrnes declared that if a superior officer did admonish Sims on leaving for England before the United States entered the war "not to let the British pull the wool over your eyes" Sims in reporting this to the Senate Committee violated confidential instructions and deserves the condemnation of every American and a dishonorable discharge.

HIGH SCHOOL NOTES

The photoplay of William Tell will be presented in the High School auditorium this evening at seven-thirty. Just at this time when the memory of the atrocities committed by Germany and Austria in the Great War is still fresh, this story is doubly interesting. The tyranny of great Germany over little Belgium, is just a representation of the tyranny of Austria over Switzerland in the 14th Century.

Those who know the story will recall that William Tell, champion of Swiss liberty, distinguished for skill in archery, courage and strength, joined the league to free his country from Austrian tyranny. Herman Gessler, Austrian governor, ordered the Swiss to uncover their heads before his hat, which was placed on top of a pole. Tell, who had openly rebelled against Gessler, again rebelled—and was condemned to shoot an apple from the head of his son, using one arrow only. Being skillful, he succeeded. Upon being asked why he had the second arrow in his quiver he confessed it was intended for the governor in case he failed; therefore he was retained prisoner.

While enroute to prison in a great storm on Lake Lucerne he escapes. The governor is one of the escort and is shot by Tell while attempting to undress. This event is the signal for a general uprising which lasted for many years. This dramatic story shows clearly the parallel of Hun insolence and savagery in 1314 and 1914.

WILSON WILL URGE FIFTEEN MILLION FOR EUROPE RELIEF

WASHINGTON, Jan. 27.—President Wilson is becoming known today will recommend that Congress appropriate \$150,000,000 to be used to feed the starving people of Poland and the other states on the "Bolshevik frontier." This appropriation has been urged by Herbert Hoover, General Bliss and others in close touch with the situation in that part of Europe. The manner of making the appropriation has not been considered.

...as all boys, the hatchet. of whom had not awakened to the true situation; the grim necessity of conserving food; not alone to feed our boys but to fill the stomachs of our allied men in arms who were still very necessary to the early ending of the war. Hoover took white flour from us, he cut down our ration of sugar, he compelled us to eat black bread—for our own ultimate good. With him there was no temporizing and by those who thought they should be permitted to live on the fat of the land while our boys were living on "canned Willie" and other staple goods he was roundly cursed with every visit to the corner grocery and every bite taken at the table. In his administration of the business of feeding starving nations there is little to find fault with insofar as we are enlightened to this time. Hoover is the man of the hour. What Hoover would be as president of these United States is however, an entirely different matter, on which there is a difference of opinion.

...the good old day those "men" were quite popular. In the days of femininity women is sure to be king. Nowadays a show of "for women only" and "men not even" cause a ripple in the lake and society.

The weather man has never, except in this season's crop of icicles which are now blossoming in profusion over the snowing and covers along the roads. So long as they stay up in the air they look beautiful but if one of them should happen to drop on the head of the unsuspecting pedestrian it could be quite a different story. Should he suggest that property owners should have these dangerous icicles removed before somebody is seriously hurt?

We have it from a woman that Mrs. W. W. Weller, Republican National Committee is funny looking. Hope she never gets to see this but it is the thought that looks are secondary to his mission and this is being proved out by the large number of women who are exposing Republican politicians. In the current issue of the Physical Review, Mr. Weller is further the advantages of the Republican policy for women and it is a most convincing argument. Every woman should read it.

...is inclined to give the benefit of a doubt to anybody who is under the shadow of suspicion on loyalty. The five Socialists who are being held out of their seats in the New York legislature come in this case although the charges thus far made public have not been sufficient to cause the removal of public sentiment entirely against the accused men. The fourth attempt to seat these men has resulted in failure. Consider that the Socialist vote is quite strong in the state, especially in New York City there can be only one conclusion, and that is that Speaker Sweet and his colleagues must have their own good reasons for not exposing them at this time. It is most likely that the whole story has not yet been told.

Every man who was in close contact with war activities and had any suspicion of the tasks confronting Hoover as food administrator should help but advise him for the great majority of the steps taken in his own capacity, particularly with the food of his own country, many

DRIGGS THEATRE WEDNESDAY EVENING, JANUARY 28TH
 "The Revelations of a Wife" will be the attraction at The Driggs theatre Wednesday evening, January 28th. This is one of the really interesting plays of the season, with a gripping appeal to women.
 "The Revelations of a Wife" is possibly the most daring and sensational of the recent plays. It is nevertheless a subject now being debated in every home in the civilized world. A play for mother, father, sister and brother.
 If you are in love—if you are married—if you are divorced—if you are going to get married or if you never intend to take the chance you should see this play.
 This is not a moving picture but a legitimate drama and is more full of tense dramatic moments than a movie. No children admitted.
 Special matinee for women only Wednesday afternoon at 2:30 o'clock.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Clearfield Progress.

FRED GUARINO, Pres.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Mrs. Fred Hopkins, nee Carrie Dracker, whose home is in Philadelphia is a visitor in the home of her sister, Mrs. Annie Cole.

What is known as the Bickford store has once again changed management, the stockholders selling out their right, title and interest to J. Alton Shoff, who has been the acting manager of that mercantile enterprise for almost a year past.

Linn Faust, a conductor on the Pennsylvania railroad, and residing at Wilkesburg, spent several days of last week with his sister Mrs. William Holden, who is seriously ill at her home on south Walnut street. Time has not changed "Hummie" so far as his having a hankering to see his old home town and meet what are left of his former schoolmates, is concerned.

Successful revival meetings are in progress at the United Christian church this week. The services are in charge of Rev. A. N. Salvie a competent evangelist.

On Wednesday evening a meeting will be held in the public building at 7:30 o'clock for the purpose of taking the initial step toward the organization of an American Legion. All persons who served in the military or naval service between April 6th, 1917, and November 11th, 1918, or those who served in government positions associated with the United States during the World's War, provided they were citizens of the United States at the time of said service, are eligible to membership. Two classes are barred from becoming members of this great brotherhood, those who were released from the service amounting to a dishonorable discharge, and all persons who refused to perform their duty in a military line, on the ground of having conscientious scruples or religious beliefs. As has been quoted in the call, "Curwensville has a right to feel proud of the part her boys played in the World's War, and of the large number of gallant sons that responded to the call of Uncle Sam, we want one hundred per cent. membership for our local post. Every ex-serviceman is urged to attend the first meeting on Wednesday evening that will launch us on our way as a unit of the American Legion. The success of our organization largely depends on the turnout we have, therefore, make it a point to 'go over the top' and get there and bring a buddy comrade with you."

Miss Alice Irvin, of Philadelphia, was called to Curwensville during the latter part of last week, on account of the serious illness of her brother, Alex H. Irvin.

Saturday was pay day at two or three of Curwensville's industries, and more than the usual sums of money were paid over to the employees for their two weeks labor. At one of the plants the pay roll exceeded five thousand dollars more than for several months previous. At another the pay roll jumped considerably over the one of two months before. This is very encouraging, and denotes that business is on the increase, not only in these two instances mentioned, but in every other branch of business conducted in this town.

A change has been made in the ownership of the Curwensville Hardware company, J. Ralph Johnson, one of the firm, selling his interest in the business to his partner, George I. Whittaker, who will conduct the trade at the old stand. Mr. Johnson is employed as a bookkeeper at the Crescent Refractories company yards hence his disposal of his interest in the hardware business.

Keep the egg-yield up as mercury goes down

Hens that lay are hens that lay winter and summer. Poultry raisers estimate that an egg in winter is worth double its value in the spring. You can get maximum winter results from your hens by feeding

Purina Chicken Chowder with Purina Scratch Feed

the perfect balance for laying hens. Hens fed grain alone make excess yolks, which cannot be laid. Notice the excess yolks in the next fat hen you dress. Corn, oats, barley, wheat, etc., are yolk-forming and fattening foods, and should be balanced with high protein ingredients, as protein is many whites as yolks. Purina Chicken Chowder contains high white-forming ingredients as pulverized meat, linseed meal, alfalfa flour, etc., that balance the grains in Purina Scratch Feed. Where Purina Chicken Chowder is fed as directed with Purina Scratch Feed, we guarantee

The Pure Spread for Daily Bread

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus clearing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Clearfield Progress.

FRED GUARINO, Pres.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Mrs. Fred Hopkins, nee Carrie Dracker, whose home is in Philadelphia is a visitor in the home of her sister, Mrs. Annie Cole.

What is known as the Bickford store has once again changed management, the stockholders selling out their right, title and interest to J. Alton Shoff, who has been the acting manager of that mercantile enterprise for almost a year past.

Linn Faust, a conductor on the Pennsylvania railroad, and residing at Wilkensburg, spent several days of last week with his sister Mrs. William Holden, who is seriously ill at her home on south Walnut street. Time has not changed "Hummie" so far as his having a hankering to see his old home town and meet what are left of his former schoolmates, is concerned.

Successful revival meetings are in progress at the United Christian church this week. The services are in charge of Rev. A. N. Salvie a competent evangelist.

On Wednesday evening a meeting will be held in the public building at 7:30 o'clock for the purpose of taking the initial step toward the organization of an American Legion. All persons who served in the military or naval service between April 6th, 1917, and November 11th, 1918, or those who served in government positions associated with the United States during the World's War, provided they were citizens of the United States at the time of said service, are eligible to membership. Two classes are barred from becoming members of this great brotherhood, those who were released from the service amounting to a dishonorable discharge, and all persons who refused to perform their duty in a military line, on the ground of having conscientious scruples or religious beliefs. As has been quoted in the call, "Curwensville has a right to feel proud of the part her boys played in the World's War, and of the large number of gallant sons that responded to the call of Uncle Sam, we want one hundred per cent. membership for our local post. Every ex-serviceman is urged to attend the first meeting on Wednesday evening that will launch us on our way as a unit of the American Legion. The success of our organization largely depends on the turnout we have, therefore, make it a point to 'go over the top' and get there and bring a buddy comrade with you."

Miss Alice Irvin, of Philadelphia, was called to Curwensville during the latter part of last week, on account of the serious illness of her brother, Alex H. Irvin.

Saturday was pay day at two or three of Curwensville's industries, and more than the usual sums of money were paid over to the employees for their two weeks labor. At one of the plants the pay roll exceeded five thousand dollars more than for several months previous. At another the pay roll jumped considerably over the one of two months before. This is very encouraging, and denotes that business is on the increase, not only in these two instances mentioned, but in every other branch of business conducted in this town.

A change has been made in the ownership of the Curwensville Hardware company, J. Ralph Johnson, one of the firm, selling his interest in the business to his partner, George I. Whittaker, who will conduct the trade at the old stand. Mr. Johnson is employed as a bookkeeper at the Crescent Refractories company yards hence his disposal of his interest in the hardware business.

Keep the egg-yield up as mercury goes down

Hens that lay are hens that lay winter and summer. Poultry raisers estimate that an egg in winter is worth double its value in the spring. You can get maximum winter results from your hens by feeding

Purina Chicken Chowder with Purina Scratch Feed

the perfect balance for laying hens. Hens fed grain alone make excess yolks, which cannot be laid. Notice the excess yolks in the next fat hen you dress. Corn, oats, barley, wheat, etc., are yolk-forming and fattening foods, and should be balanced with high protein ingredients as protein is many whites as yolks. Purina Chicken Chowder contains high white-forming ingredients as pulverized meat, linseed meal, alfalfa flour, etc., that balance the grains in Purina Scratch Feed. Where Purina Chicken Chowder is fed as directed with Purina Scratch Feed, we guarantee

More Eggs or Money Back.
